IV- CONTRACTS AND AWARDS

A. – Tabled Items

B. – New Items for Review

BC2020-163
Department of Public Works, recommending an award on RQ45196 and enter into a contract with Cintas Corporation (13-2) in the amount not-to-exceed $270,278.58 for Cuyahoga County Uniform services for the period 4/1/2020 – 3/31/2023.
Funding Sources: General Fund – (Airport Operations) - $6,151.83; General Fund – (Internal Services) - $152,117.95; Road & Bridge Fund - $33,136.63; Sanitary Sewer Fund - $78,872.17

Thomas Pavich, Department of Public Works, presented. There were no questions. Michael Chambers motioned to approve the item; Trevor McAleer seconded. Item BC2020-163 was approved by unanimous vote.
The following item was held at the request of the Board of Control members.

BC2020-164
Department of Human Resources,

a) Submitting an RFP exemption on Purchase Order No. PO20000377, which will result in an award recommendation to Municipal Solutions, LLC in the amount not to exceed $49,000.00 for professional executive search and related services to identify qualified candidates for County Chief Information Officer and County Chief Human Resource Officer positions for the period 3/9/2020 – 12/31/2020.

b) Recommending an award on Purchase Order No. PO20000377, which will result in an award recommendation to Municipal Solutions, LLC in the amount not to exceed $49,000.00 for professional executive search and related services to identify qualified candidates for County Chief Information Officer and County Chief Human Resource Officer positions for the period 3/9/2020 – 12/31/2020.

Funding Source: General Fund (50% Department of Information Technology and 50% Department of Human Resources)

Patrick Smock, Department of Human Resources, presented. Dale Miller asked what the likelihood was that a non-local candidate would be hired when the County is unable to offer any additional incentives such as payment of relocation expenses or bonuses; asked what the process will be prior to moving forward with this contract; and asked if the Acting Chief Technology Officer has applied for the position.

Nan Baker asked if there are any other agencies in Ohio that could provide services on a local level, which could logically result in selection of a current resident who would not be seeking additional incentive to relocate from another state; asked who was currently serving in the role of Acting Chief Technology Officer for the Department of Information Technology and whether it was necessary to fill this position permanently as it has been vacant for 3 years; and recommended that the department reevaluate their hiring strategy to consider a local search, given the restrictions of hiring an out-of-state candidate.

Trevor McAleer asked if Municipal Solutions, LLC is the same search firm that provided services for the prior vacancy of County Sheriff; concurred with Ms. Baker’s recommendation to evaluate the progress of the internal hiring process and to review current policies and hiring restrictions prior to initiating the contract for a nationwide search and recommended to hold the item. The remaining Board members concurred, and the item was held.
BC2020-165
Department of Human Resources,

a) Submitting an RFP exemption on RQ47953, which will result in an award recommendation to Universal North Inc. dba Universal Creative Concepts in the amount not-to-exceed $26,000.00 for the purchase of (2,500) 27 (oz.) stainless steel BPA-free non-toxic water bottles for the County Wellness Program.

b) Recommending an award on RQ47953 to Universal North Inc. dba Universal Creative Concepts in the amount not-to-exceed $26,000.00 for the purchase of (2,500) 27 (oz.) stainless steel BPA-free non-toxic water bottles for the County Wellness Program.

Funding Source: Wellness Funds

Patrick Smock, Department of Human Resources, presented. Dale Miller asked who the water bottles will be distributed to. Nan Baker asked what the overall marketing budget for the Wellness Program was and asked if the department is within their budget. Michael Chambers motioned to approve the item; Trevor McAleer seconded. Item BC2020-165 was approved by unanimous vote.

BC2020-166
Department of Human Resources,

a) Submitting an RFP exemption on RQ47954, which will result in an award recommendation to Howling Print and Promo, Inc. in the amount not-to-exceed $19,200.00 for the purchase of (2,400) logo t-shirts for the County Wellness Program.

VI – PUBLIC COMMENT

Dale Miller commented on the Board members’ advance question regarding the low number of items on the past few Board of Control agendas as it relates to the launch of the Enterprise Resource Planning System (ERP) and asked if an estimate can be provided as to how long the slow-down will continue and when can a normal flow of items be expected.

Michael Chambers commented that the original focus of many departments was related to payments processing once the ERP system went into production and asked Lenora Lockett if there was a way to check the status of items that have not yet reached the queue for placement on an agenda.

Lenora Lockett stated the ERP system is more complex than the prior OnBase system and expects a longer period of time where the volume of processed items returns to normal levels; and commented that there is a process in place to proceed with critical items that have not reached the pending agenda queue.

Mr. Chambers asked if any items are being held up by the Office of Procurement & Diversity.

Ms. Lockett said that there has been a slower learning curve as far as items being resubmitted and issues not being addressed which is delaying approvals; stated that different internal strategies are being identified that will be implemented, such as revising procedures, providing webinars and additional efforts to offer assistance to user departments; commented that there was an initial need to prioritize the more critical issues and now are addressing the remaining issues such as user role changes which will help with the flow of items; and said that it is difficult to predict when the workflow will stabilize as the user departments, as well as the Office of Procurement & Diversity staff, are still learning the system.

Trevor McAleer asked Ms. Lockett if there is a way to generate a report to see how many items are in process but have not yet reached the queue for placement on an agenda.

Ms. Lockett indicated that the ERP system does not provide for status queries or the ability to go directly to the Administrator as in the prior OnBase system but there is the potential to request a report from Department of Information Technology security personnel; said that the 3 security personnel are also currently involved in designing Phase 2 and User Acceptance Testing of ERP, which is targeted for completion next month, so the priorities and any future process changes would need to be evaluated; said that the Cherwell tickets submitted to the Service Desk could also provide some insight on the issues being reported; and said that she would request that the Department of Information Technology run a report and follow up with the Board members.

Nan Baker expressed concern that delays in getting items through could result in late contracts or delays in critical services and asked if there is any projected fallout that is anticipated that could be controlled.
Ms. Lockett said that she is unable to speak on behalf of all departments but stated that some departments may have planned ahead and submitted their items early or whose planning was properly timed, such as construction projects, so there was no impact; acknowledged that there are also departments that may be struggling; and said that this could be discussed with the departments to determine the reason for the lull.

Ms. Baker asked if there is a designee to monitor the delays and the structure to anticipate when there is a time-critical request that needs advancement; and asked if there is someone who understands the system issues at hand and are able to prioritize and respond.

Ms. Lockett said that person would be the ERP Project Manager as she is unable to speak for all departments.

Mr. Chambers asked Thomas Pavich, Department of Public Works or Stephen Witt, Sheriff’s Department if they would like to speak about any issues their departments are experiencing with the ERP System.

Thomas Pavich relayed some of the challenges and issues his department has dealt with regarding new user roles, culture changes, learning curve and tracking items while still trying to work through unexpected issues that are coming up along the way and indicated that there may be late contracts in the future.

Mr. Chambers said that the separation of duties in the system is requiring a larger number of new users to be trained when in the past it was only a few entering requests; explained the process for submitting tickets to the Help Desk to identify and prioritize issues; and said approximately 95% of the tickets have already been resolved and that approximately 30 open tickets remain.

Mr. McAleer asked Ms. Lockett to request a report of the number of items that were entered but have not yet reached the Office of Procurement & Diversity’s approval queue.

VII – ADJOURNMENT

Michael Chambers motioned to adjourn; Dale Miller seconded. The motion to adjourn was unanimously approved at 11:35 a.m.

2020, K2m Design, Inc., Amendment No. 1 To Ce1700161 For $200,000.00 General Ae Services

Scope of Work Summary
Department of Public Works requesting approval of an amendment with K2M Design, Inc. for the anticipated not-to-exceed cost of $200,000.00 and extend the contract to December 31, 2021.

Department of Public Works is requesting the approval of a contract amendment with K2M Design, Inc. for an increase in the not-to-exceed amount of $200,000.00 and extend the contract from October 1, 2020 to December 31, 2021 for General Architectural-Engineering Services.

The primary goal of the contract was for K2M Design, Inc. to provide professional architectural engineering services through a General Architectural-Engineering Services Contract. K2M Design, Inc. had provided Architectural-Engineering Services for various projects, for various County Buildings. It is more cost effective, to include time savings, to continue with K2M Design, Inc. to complete the projects that they have started since they are familiar with the projects and the buildings.

Not an amendment:
There is no change in scope.
The original contract was for $200,000.00 – October 2, 2017 – October 1, 2020

Amendment 3 Resurfacing Of Warrensville Center Road From Broadway Avenue To The Maple Heights Ncl In The Cities Of Bedford And Maple Heights.
Scope of Work Summary

Public Works is submitting an amended agreement (Subsidiary No.2) to Contract CE1900110 with Catts Construction, Inc. for the resurfacing of Warrensville Center Road from Broadway Avenue to the Maple Heights NCL in the Cities of Bedford and Maple Heights for an increased amount not-to-exceed $36,297.52.

Explanation of Necessity
The plan quantity adjustments were based on actual quantities used, calculations and field measurements. The New Plan Items were added to replace most of the ADA ramps between Rockside Road and Broadway. These items also included winter protection. This was not on the original plan and after an inspection ODOT said they needed to be replaced.
The engineer’s estimate was $3,074,255.84.

Original Contract Amount was $3,068,000.05.
The contract total to date (including this amendment) is $3,133,334.38. Approximately 2% over the engineer’s estimate and the original contract amount.
The project is located in Council Districts 8 and 9.

Infor US Inc
CRM Software Licenses

Scope of Work Summary
The Department of Information Technology is requesting approval of a purchase order with Infor US Inc for CRM Software Licenses for anticipated cost of $32,586.96.

These licenses were included in the ERP package as an add on. This is the first year that the County would incur a cost for this license, and we are taking the opportunity to separate it from the ERP, as they are unrelated. Further, DoIT will put forth an RFP for these licenses in search of a product that will address the needs of the County as a whole, rather than the agencies of HHS that use them now. The anticipated start-completion dates are 01/01/2020 to 12/31/2020.

Technology Items - If the request is for the purchase of software or technical equipment:

a) Please state the date of TAC Approval Unknown until this goes through the approval process
b) Are the purchases compatible with the new ERP system? This information would not feed into ERP
c) Is the item ERP approved no, as this would not be included as an ERP product
d) Are the services covered by the original ERP budget no

Procurement

If an RFP Exemption is being requested please list the reason a competitive process was not utilized.

An exemption is being requested as the County has already been utilizing these licenses as a part of the ERP process and wanted to continue using them until the end of the year.

Fy19 VAWA Block Cleveland Rape Crisis Center Contract
VAWA funding requires that a specific amount of funding be dedicated to this population and the funds will be used to assist the Latina population with crisis management, shelter services, counseling and immediate resources to law enforcement and the legal system.
Services provided through the CRCC Latina Project will assist in providing the immediate services that a victim will need in in a crisis situation involving rape or sexual abuse. Providing resources, referral to shelters, medical treatment and access to the justice system will reduce the further victimization of the clients by removing them from the environment in which they are being abused.
Advocates meet survivors at the police station to assist with filing a police report. CRCC also provides outreach, community engagement as well as individual group therapy.
The Latino/a population in Ohio increased by 63% from 2000-2010 making Latino/a as one of the fastest growing populations in Ohio. The 2000 National Violence Against Women Survey found that Hispanics, particularly Latinas, were less likely to report rape victimization than non-Latinas.
CRCC solves the problem of sexual assault by providing services that can immediately assist a clients on a 24-hour bases. A hot-line will be established that provides emotional support, crisis intervention and information to survivors and their supporters. CRCC's advocates are specifically trained to assist survivors in person. Advocates meet survivors at the police station to assist with filing a police report. CRCC also provides outreach, community engagement as well as individual group therapy.
CRCC will provide services to victims in the greater Cleveland-Metropolitan area.
