Department of Development

Authorizing a payment of \$225,000 to the Greater Cleveland Sports Commission as operating support for the period August 6, 2018 - December 31, 2018. This payment will be made from Development's 2018 General Fund budget, index code DV014100.

Why is the request for payment being submitted late? Payments was being processed on an office voucher as this item was on the approved exemption list; however, most recently the Fiscal Office stop processing payments on Office Vouchers over \$500.00.

What is being done to prevent this from reoccurring? Will submit request for payment as invoices are received.

Greater Cleveland Sports Commission (GCSC) prides itself on being one of the most distinguished sports commissions in the country, effectively leveraging sporting events and activities to further economic development in Northeast Ohio. Since 2000, Greater Cleveland Sports Commission has grown to become a relevant and dynamic organization, governed by a committed group of trustees representing some of the region's most esteemed private, public and nonprofit institutions. The organization currently has 12 full-time staff overseeing business development, marketing, communications, fundraising and event management. Greater Cleveland Sports Commission has been directly responsible for attracting more than 190 sporting events which have contributed over \$570 million in economic activity to Northeast Ohio. GCSC supports the local economy, utilizes sports as a vehicle to forward community agendas and maintains a goal of producing events that are more successful when held in Cleveland than in other cities.

BC2018-511

The Department of Development would like to be a Langston Hughes Level Sponsor for the Western Reserve Historical Society's - George Forbes Celebration Weekend Oct. 13-14, 2018. Payment of the \$5,000 sponsorship will be made from Development's 2018 General Fund budget, index code DV014100.

Western Reserve Historical Society was founded in 1867 to preserve and present the history of all of the people of Northeast Ohio. Today, WRHS is one of the largest regional historical societies in the nation with a mission to inspire people to discover the American experience by exploring the tangible history of Northeast Ohio. Our collections are made accessible to the public through our two primary venues: the Cleveland History Center in Cleveland's University Circle and Hale Farm & Village in the Cuyahoga Valley National Park near Bath, Ohio.

About George L. Forbes Celebration Weekend

The George L. Forbes Weekend Celebration continues the momentum to engage Cleveland's African American community. Event proceeds benefit the African American Archives and allow the Western Reserve Historical Society to enhance preservation and awareness of the African American experience in Cleveland. WRHS invites the community to join in the celebration of the career and life of Mr. George L. Forbes. The celebration begins at the Cleveland History Center on Saturday evening, October 13, 2018 with a Salute to George L. Forbes, Esq. On Sunday, October 14, 2018 – George L. Forbes Day | Community Celebration, the Cleveland History Center opens its doors to the community for a day of celebration including a proclamation from Cleveland City Council, live entertainment, intergenerational activities, and a display celebrating the career and legacy of George L. Forbes, Esq. Doors open at noon with activities continuing until 5pm.

BC2018-512

Fiscal Office

The vendor will provide audio/visual equipment to aid the Cuyahoga County Forfeited Land Sale. It will reduce the inventory of forfeited property on the County's books. It will reduce the inventory of forfeited property on the County's books. It will solve the problem by giving the public necessary information to make a purchase of forfeited land. We used this vendor successfully last year.

An RFP is needed as this is the only vendor who provides these services for the Huntington Convention Center.

BC2018-513

The Fiscal Department is requesting a book to be purchased entitled, "RIA Payroll Guide - Print." The book provides payroll information. This will provide knowledge to the comptroller so she can execute her job more efficiently. It's the only book available of its type. This book is published by Thomson Reuters - Print

An RFP exemption is needed as The comptroller made the determination that this was the book that she needed to perform her job more efficiently and this is the only publication of its type.

Milestones is receiving a two-year grant of \$100,000 (\$50,000 per year) to provide funds to support the helpdesk capacity building initiative.

Milestones Autism Resources (Milestones) is receiving a two-year grant of \$100,000 (\$50,000 per year) from

Cuyahoga County to provide funds to support the organization's Helpdesk Capacity Building Initiative during 2018 (\$50,000) and 2019 (\$50,000). This is the 2018 award and the 2019 award will come forward in 2019. This core organizational program helps families with a child on the autism spectrum learn how to advocate on behalf of their child, access vital services, and prioritize their child's short- and long-term needs. Cuyahoga County's support enables Milestones to address the rapidly-expanding need for our services within the Cuyahoga County community, which represents nearly 70% of clients served.

The goal of the Helpdesk is to serve more families and professionals affected by autism, resulting in improved life outcomes for more individuals with autism.

Milestones has established the following outcome measures between January 1, 2018 – December 31, 2019:

- Milestones will provide tailored advice, resources, and referrals to a minimum of 600 callers (a 10% increase over current numbers).
- Helpdesk users will experience a reduced wait time in having their calls answered/returned within 2-3 business days. Staff will provide initial contact (by phone or email) to 75% of callers within 1 -2 business days after they have made a request to the organization for support. The 25% not contacted within 1 -2 business days are mutually determined to be non-emergency calls.

- Following their involvement with Milestones, 100% of Helpdesk clients will report satisfaction with the service, receiving a plan of action and resources that are appropriate and helpful, and the feeling of knowing where to turn as challenges arise.
- Provide systematic follow-up to 90% of the callers at 2 weeks, 1 month, 3 months and 6 months. The first follow-up would be a six-question survey regarding their satisfaction with the process and whether or not they were using the information they were given. Future follow-ups will review priority plan and next steps developed with Milestones' staff.

Funding comes from the HHS Levy. Index code HS157289-0278. The same level of support was provided in 2016 and 2017.

This was included in the 2018 and 2019 biennial budget.

Why is the request for payment being submitted late?

This is a payment to support Milestones 2018 operational needs. This is not for direct services to the County with a specific start and end date but provides funding for their 2018 needs.

What is being done to prevent this from reoccurring?

The request for this payment is for operational need throughout the calendar year which will always occur during that calendar year. Future requests if approved in the budget will come sooner.

Juvenile Court Division,

This contract is for residential treatment services for one youth who has significant sex offender issues. There was no other program that would take this youth that is currently under contract with the Court. This program specializes in the type of issues and treatment that this youth needs. This was the only program that met this youth's needs and had space to accommodate this youth. Other residential treatment options were explored, including State Community Correction Facilities. This will be used at the At the treatment site in Arkansas.

An RFP exemption is needed as this was the only option available for treatment for this youth with a unique set of treatment needs and the only facility that was able and willing to accept this youth. The program will be evaluated by the Programming unit and the youth's progress will be monitored by the probation officer and the Jurist.

Department of Public Safety and Justice Services/Witness Victim

This application is requesting continued funding for the Cuyahoga County Defending Childhood Initiative (CCDCI). Funds will be used for intake & assessment through Frontline Service, a local behavioral health agency, to screen the referred child in crisis; treatment services will follow assessment recommendations, the majority of CCDCI cases result in referral to Trauma-Focused Cognitive Behavioral Therapy (TF-CBT). Funds are also being requested in FY2019 for Camp HOPE America, the first evidence -based camping and mentoring initiative in the United States to focus on children exposed to domestic violence. This will provide ancillary services to families that have benefited from treatment, thereby furthering the impact of the CCDCI model.

The funding requested through this application will support CCDCI's Central Intake and Assessment functions, TF-CBT specialized treatment intervention and the implementation of Camp HOPE America model for children 7 to 11 years of age.

Cuyahoga Job and Family Services

The Families Forward Demonstration (FFD) will design and test a new employment-focused program for low-income noncustodial parents (NCPs) who are unable to fully meet their child support obligations. MDRC is conducting the Families Forward Demonstration (FFD), which seeks to evaluate employment-focused programs integrated into child support systems and designed with the expectation of improving earnings outcomes for noncustodial parents. The program is based on the idea that if earnings increase, then noncustodial parents can make more reliable child support payments, and, consequently, improve the economic well-being of their children.

The FFD program will offer occupational skills training and employment services for in-demand occupations to help NCPs obtain and retain higher paying jobs with potential for advancement. The program will also offer services to help NCPs manage their finances and debt and to facilitate their engagement in the program including responsive child support practices.

The key objective is to identify effective strategies to improve earnings capacity and financial capacity-building of NCPs, thereby increasing their ability to support their children. Grant acceptance from MDRC and the W.K. Kellogg Foundation. FFD services will be provided by Cuyahoga Job and Family Services, Office of Child Support Services, in partnership with a network of subcontracted providers. FFD will be evaluated by MDRC using an implementation and outcomes research evaluation design.

requesting approval of a master agreement with six (6) providers for SNAP to Skills services in the amount of \$400,000.00. The term of the contract is August 6, 2018 to September 30, 2018.

The primary goal of the project is:

Cuyahoga County’s Cuyahoga Job and Family Services (CJFS) is seeking an RFP exemption for the SNAP to Skills Program and approval of the program’s criteria and requirements for the selection of the recipients. SNAP to Skills vision is to work toward a future where Food Assistance Employment and Training (FAET) recipients obtain in-demand skills that result in stable employment or entrepreneurship opportunities. CJFS strives to create strong collaborations among a variety of partners, to provide SNAP recipients with job-driven training and support services that lead to careers, family self-sufficiency, and stronger communities.

Describe the services that will be provided:

Cuyahoga County’s SNAP to Skills implements a 3rd party partner model that leverages non-federal funds used for employment, training and supportive services to FAET recipients for up to 50% reimbursement by community-based organizations and community colleges. This model promotes growth, expansion and sustainability of much needed services and programs for FAET recipients.

Is the contract included in the current budget? No

Project Status

The project's term ends December 31, 2020

Does the project reoccur annually? Yes

Funding

Describe the funding source. There is no cost to the County, pass through of 100% FAET funding

What is the percentage breakdown between funding source(s)? 50% Local Match/50% FAET

Will the vendor be paid by invoice? Yes, by monthly invoice.

Briefly describe the proposed procurement method.

CJFS developed and released a survey for providers to determine interest and applicability of partnership opportunities. The survey was released to CJFS's workforce nonprofits, associations, and political subdivision partners. All successfully completed applications will be offered to develop and budget and plan for 2018 implementation. Approved plans will be added to CJFS's annual SNAP plan for State of Ohio and Federal – Food and Nutrition Services approval.

Why is this method preferred over the standard, competitive procedure?

CJFS will be seeking 50% reimbursement for authorized services, so County funds are not encumbered. CJFS does not select the services for the provider or commit to reimburse. CJFS will submit for the partner to receive re-imburement and, when approved, make payment as it is available. Cuyahoga County will retain 5% of the reimbursement for administrative costs.

Were other vendors evaluated? If not, explain.

No – all applications will be invited to develop a plan.

An RFP is needed Pursuant to Ohio Revised Code Chapter 307.86 (E). CJFS developed and released a survey for providers to determine interest and applicability of partnership opportunities. Amendments to UPK 1.0 contracts. UPK provides high quality preschool services by providing funds to offer a competitive rate of pay and benefits to their teachers, purchase supplies, equipment, training and development and enhanced activities Fiscal projections showed that the program dollars for several UPK 1.0 providers will begin (or have already begun to run low) for the 2017-2018 contract year. The amendments will seek to increase the funds available to these providers by lowering the total contract dollars available from Catholic Charities – St. Philip Neri by \$35,000 who has shown (through fiscal analysis) that they will not have spent their available money by the end of the 2017-2018 contract year and increasing Catholic Charities – King Kennedy, who has overspent their funds before the end of the 2017-2018 contract year.

Providers whose funds will be running out or running low by the end of 2018 will have enough money to continue to provide the high level of quality through UPK. We will take funds from providers who haven't expended their full amount to accomplish this. There will be zero net effect. We will take funds from underspending programs and redistribute to programs that are running low on funds. The providers who receive an increase in funds will continue to be able to provide a competitive rate of pay and benefits to their teachers, purchase supplies, equipment, training and development and enhanced activities.

Through fiscal analysis we were able to see which providers would be running out of (or running low) funds by the end of the 2017-2018 contract year. Through the fiscal analysis and projection and pattern of spending we also saw that there are a few providers who will not have spent their allotted UPK dollars by the end of the 2017-2018 contract year. So, by lowering their contract dollars, they will be able to spend the money available to them more efficiently while the other providers (whose contracts we will be increasing) will continue to have funds to purchase what they need.

Catholic Charities - St. Philip Neri and Catholic Charities - King Kennedy ***OPD Note/late submittal: The item is being submitted late because we noticed that King Kennedy would be running out of money after they submitted their last invoice for the month of April this past June.

All UPK contracts starting in August 2018 will be under a Master Services contract. We shouldn't have a need to do any more contract amendments if providers are over spending.

Family and Children First Council,

Values In Action (VIA) shall provide workforce training services to youth in Cuyahoga County for success in the workplace and life (the "Services"). The Services will include a 16-week facilitated curriculum led by passionate facilitators that will provide the teens positive role models, field trips to employer work sites, an interview for an internship or job, and soft skills training. Work force development for teens as well as internship and soft skills training.

VIA are serving the urban, impoverished, minority population that is the most at-risk of academic failure. The mission of VIA Workforce Training is to break the cycle of poverty by addressing the dangers of and lessening the attraction to negative behaviors that perpetuates in this high-risk population, and to train students in workforce readiness and attributes of character that are hard indicators of future success in the workplace, and in life. Per the recommendation of the County Council, VIA was chosen as an established vendor due to their successful history implementing workforce training addressing high-risk populations and teens. These services will be provided Countywide.

International Social Services will now provide 6 post-placement follow-up visits for child (ISS USA Case 2018-197-201) who was placed with a parent who resides outside the county. Services include brief written reports on the child's health, safety and well-being, and how they are adjusting to being in a new environment.

Since the parent resides outside the country, our agency must contract the service to a third party (International Social Services) to determine suitability. Our agency must contract with International Social Services (recommended by The Ohio Department of Job and Family Services) to conduct post-placement follow-up visits of children who have been placed outside of the county.

The factors that lead to the current solution selection was the child being in our agency custody when there is a parent available, willing and able to provide appropriate care for his child. After researching other possible solution options, our agency concluded that contracting with International Social Services was the best solution for permanency planning purposes. Other possible solution options, our agency concluded that contracting with International Social Services was the best solution for permanency planning purposes.

Our agency researched and sought out recommendations directly from Pforzheim, Germany. Our agency also researched other possible vendors that could perform this tasks. Post-placement follow-up visits will take place in Germany where the child's father lives.

Therefore, the adoption match conferences is an ongoing recruitment process. Due to the nature of adoption work the process is reoccurring. DCFS has identified waiting children on track to be adopted and identified the vendors to fall into one of the following two categories: One the vendor currently has a PC child(ren) placed within their network and the foster family has expressed an interest in adopting the children. The second reason is the vendor has an approved adoptive family that has been identified as a potential match with a specific "waiting" child(ren) and or a sibling group.
