Funding Source: General Fund – Internal Service Fund

Thomas Pavich, Department of Public Works, presented. Nan Baker asked for confirmation that the additional funds will carry services through 10/31/2018 and if a new Request for Proposals (RFP) will be issued at that time. Ms. Baker also asked if the additional funding covering the two months will address future needs in next RFP or if it relates only to current needs. Armond Budish motioned to approve the item; Nan Baker seconded. Item BC2018-349 was unanimously approved.

BC2018-350

Department of Development, recommending a payment in the amount of \$130,000.00 to Downtown Cleveland Alliance for membership fees and operational support of clean and safe, marketing and economic development initiatives for the period 6/4/2018 – 6/3/2019.

Funding Source: General Fund

Greg Huth, Department of Development, presented. Dale Miller asked if this level of funding is the same as in prior years. Nan Baker asked if there is an annual report to identify how the funds have been used; asked how funding is used to promote support for the initiative; and asked how the success of the program is measured and whether this is something that can be tracked.

Armond Budish commented that the County authorizes payments to other organizations, such as MetroHealth Hospital and Destination Cleveland, without ever having received a breakdown of how the funds are used because the money goes into their operating fund. Ms. Baker commented that these funds are for support of economic development initiatives rather than services. Mr. Budish commented that the County receives an annual report from this organization that reflects a breakdown of the funding utilization for these initiatives.

Ms. Baker asked if all the funds are exhausted. Trevor McAleer commented that some organizations, such as the Film Commission and Sports Commission, have attended Council Committee Meetings in the past to provide a more in-depth overview that may be explored for future requests. Ms. Baker commented that it would be helpful for Downtown Cleveland Alliance, Greater Cleveland Partnership and the Economic Growth Foundation to attend the Committee meetings to present an overview of how the County's funding benefits their mission. Armond Budish motioned to approve the item; Trevor McAleer seconded. Item BC2018-350 was unanimously approved.

BC2018-351

Department of Development, recommending a payment in the amount of \$50,000.00 to Economic Growth Foundation for support of the Minority Business Collaborative and Marketplace for the period 6/4/2018 – 6/3/2019.

Greg Huth, Department of Development, presented. Dale Miller commented that the most recent Disparity Study reflects participation of minority subcontractors, however a disparity continues to exist in the area of prime contractors, which supports the need for this type of program. Armond Budish motioned to approve the item; Dale Miller seconded. Item BC2018-351 was unanimously approved.

BC2018-352

Department of Development, recommending a payment in the amount of \$25,000.00 to Greater Cleveland Partnership for communications, outreach, and operational support of the Greater Cleveland Civic Connection Program for the period 6/4/2018 – 12/31/2018.

Dennis Sullivan, Department of Information Technology, presented. Dale Miller asked if this is a one-time purchase to facilitate development of new systems or will it be an on-going service. Lenora Lockett inquired about the specific dates for the one-year license and asked for clarification on which month services are scheduled to begin, as Mr. Sullivan indicated this is a month-to-month license purchase. Mr. Budish asked if services will begin immediately, on June 15 or July 1. Mr. Sullivan indicated a need to verify the start date with the user department. Ms. Lockett requested that the month-to-month one-year period be contingent upon the agreed start date.

Mr. Budish recommended that the start date be approved for June 4, 2018, the date of Board approval, so the department's receipt of services will not be hindered. Armond Budish motioned to approve the item as amended; Dale Miller seconded. Item BC2018-353 was unanimously approved.

BC2018-354

Department of Human Resources, submitting an amendment to Master Agreement No. AG1700002 with MetroHealth System for Biometric Screening services at County Wellness Fairs for the period 6/6/2018 – 12/31/2018 and for additional funds in the amount not-to-exceed \$40,000.00.

Funding Source: Special Revenue Fund – Sustainability Projects

Mike Foley, Department of Sustainability, presented. Dale Miller asked how many resident solar panel projects have been completed in Cuyahoga County. Nan Baker asked if additional funds are being used for a program assessment in order to expand services through the Request for Proposals process rather than providing outreach services to residents; asked if this amendment differs from the original scope of service; and asked if additional funding will be adequate to achieve this. Armond Budish motioned to approve the item; Dale Miller seconded. Item BC2018-355 was unanimously approved.

BC2018-356

Department of Public Safety and Justice Services/Office of Emergency Management, submitting an amendment to Contract No. CE1300353 with Granicus, LLC for a Mass Notification System for the period 6/10/2013 - 6/10/2018 to extend the time period to 3/10/2019 and for additional funds in the amount not-to-exceed \$70,871.06.

Funding Source: General Fund

Mary Beth Vaughn, Department of Public Safety and Justice Services, presented. Mark Griffin, Inspector General commented that this vendor, is in fact, registered but is not appearing on the list. Nan Baker inquired about the reason for the delay on beginning the RFP process if the department was aware of the discontinuation of services in January 2018; and asked for clarification on the planning timeframe to issue the new RFP. Nan Baker referred to Item BC2018-363 and asked for clarification on why one attendee is driving while the other is flying to the Community Live Training Conference in Nashville, TN; and asked if carpooling is an option. Mr. McAleer asked if staff attending this conference will be available for support services during the time the conference is being held as these dates coincide with the go-live date for the Enterprise Resource Planning Project.

Nan Baker asked if there is a process for verification of driver's licenses for staff that are traveling by vehicle; asked if there is a different liability risk if employees drive a personal vehicle rather than a County vehicle; and asked about the process to verify licenses intermittently prior to employee travel.

Dennis Sullivan and Jeanelle Greene, Department of Information Technology addressed their questions.

Mark Griffin, Inspector General commented that liability and risk is assessed if driving occurs while conducting County business rather than whether it involves a personal or County vehicle. Mr. Griffin stated that by County Ordinance, the Inspector General's Office checks driver's licenses at least twice a year.

Mr. Griffin also stated that his office has worked with the Department of Risk Management and the Department of Human Resources, to run quarterly driver's license checks through a County contractor and stated additional checks can be performed upon request.

Ms. Baker asked if new staff, who have never traveled on County business would be included in the license verification process defined by Mr. Griffin or would they be checked at the department level; asked what process is in place to educate employees new to travel to ensure compliance with travel requirements and stressed the need for department directors to also be knowledgeable and enforce the requirements of the Travel Policy. Mr. Griffin commented that in addition to their regular license verification, further education will be provided by his office.

Mr. McAleer commented on a travel policy advisory sent out by Inspector General Griffin last week that referenced State Law restrictions regarding travel funded by County vendors and mentioned that the advisory prevented a potential violation that may have occurred with another travel request being submitted for consideration.

Mr. Budish commented that Mr. Griffin is doing a good job to educate County employees on various County policies.

Andria Richardson, Clerk of the Board referred to a Travel item hosted by Case Western Reserve and stated that the item was being amended to change the funding source from Mandel School @ Case Western Reserve to 70% Health and Human Services Levy and 30% Title IV-E, as the County will cover the expenses for the event.
